

The background is a collage of three construction-related images. The top image shows a large circular concrete structure under construction, with workers on a steel reinforcement cage. The bottom-left image shows a yellow Dynapac roller paving a road. The bottom-right image shows a yellow excavator loading a large yellow dump truck with the number 206.

GROUP (Pty) Ltd

BUSINESS PROFILE - 2025

VISION MISSION VALUES

VISION

By 2025 SME Group (Pty) Ltd aims to be a notable service and solution provider in Africa in the fields of Mining, Hygiene Solution, Construction, Business Consulting, Safety, Energy and Utilities.

MISSION

To improve and sustain our Customers' Perceived Value of our services through performance and by giving our clients great value for their money. We endeavor to contribute positively to Economic Growth and help eradicate unemployment.

VALUES

- Safety
- Respect
- Honesty
- Prompt Communication

OUR CORE BUSINESS SECTORS

Mining and Engineering

- Contract Mining
- Mineral Processing
- Commodity Trading

Hygiene Services

Civil Engineering and General Building

- CIDB Grading PE 8CE, 8EP, 6GB, 3ME, 3SQ
- NHBRC Registered

Training and Business Consulting

- Training Services
- Business Consulting
- Community Operational Readiness
- Project Financing
- Research and Surveys

Energy and Utilities

- Renewable Energy
- Installation of Electricity Prepaid Meters
- Maintenance of HV, MV, LV Electricity Infrastructure

OUR
CORE

MINING AND ENGINEERING

CONTRACT MINING

- Open Cast Mining
- Underground Stopping
- Underground Tunnel Development
- Tunnel Development through dykes in coal mines

MINERAL PROCESSING

- Crushing and Screening
- Material Handling
- Truck and Train loading
- Management of slimes dams
- Re Mining of dumps
- Stockpile Management

CAPITAL & CONSUMABLE GOODS SUPPLY

Ventilation Ducting Systems, Support Structure Systems, Explosives and Oil Lubricants.

COMMODITY TRADING

- Chrome Imports & Exports
- Ferrochrome Imports & Exports
- Coal Imports & Exports

OUR SERVICES

CIVIL ENGINEERING AND GENERAL BUILDING CIDB Grading PE 8CE, 8EP, 6GB, 3ME, 3SQ

- Civil Construction – Roads, Pipelines, Earthworks, Fencing, Concrete works, Steel Structures
- Building works – General Building works
- Plumbing Services

MINERAL RESOURCE EVALUATION

- Drilling and Exploration, Mineral processing studies and design,
- Plant survey and operation support

SHEQ

- ISO 9001 Quality Management System
- ISO 14001 Environmental Management Systems
- OHSAS 18001 + SABS/ISO/OGSAS Certification

OUR SERVICES

TRAINING & CONSULTING SERVICES

We offer accredited and non accredited training and workshops to private and public sectors. Our Training programs are accredited with various SETA's in South Africa including the Local Government SETA(LGSETA), MICT SETA and the Construction SETA (CETA).

EPCM SERVICES

- Engineering design, Procurement, Construction and Project Management

CONSULTING & TECHNICAL ADVISORY

- Business case cost and finance modelling
- Resource Utilisation and Processing Plant Optimisation
- Resource to market Value - Engineering
- Mineral resources assets due diligence evaluation
- Quality Assurance + Benchmarking and Market Studies

BUSINESS CONSULTING

OPERATIONAL READINESS

- We assist our clients with all statutory registrations and stakeholder engagements. Our services include assistance with:
- Mining Prospecting Rights
- Mining Rights
